### **Vendor Development Meet**

**Chennai – 18 & 19 Jan 18**

The long journey towards making ships in India started during the pre-independent years with the founding of the first green-field shipyard in the year 1941 in the name Scindia Steam Navigation Co. Ltd by the great industrialist and visionary Seth Walchand Hirachand which is today known as the Hindustan Shipyard Ltd. Strategically located on the East Coast of the Indian peninsula, at Visakhapatnam, HSL has been catering to the maritime needs of the country ever since the construction of the First Ship “JALA USHA” in 1948, sustaining the efforts till date with the construction of 179 vessels. The shipyard subsequently diversified into ship repairs, submarine construction and refits as well as design and construction of sophisticated state-of-the-art offshore & onshore structures. Considering the strategic requirements the yard was brought under the administrative control of the Ministry of Defence on 22 Feb 2010. Our customers are Indian Navy, Indian Coast Guard, ONGC, GML, Port trusts, DCI, SCI, Andaman & Nicobar administration.
